Monday, February 20

To apply, please click [here](#)

If your answer is YES, join us at our open day aimed at all students with a background in Mathematics, Physics, Sciences, Engineering, Finance or Economics.

During the 'Quantitative Finance Open Day' you will not only have the opportunity to learn about quantitative modeling in finance, but also to meet current interns and employees who will share first-hand experience of Morgan Stanley.

Program

- Welcome speech
- Introduction to quantitative areas
- Overview of campus opportunities
- Panel discussion
- Office tour
- Demos from teams & networking
